We help collectors and issuers to gift

We help point issuers to connect wit new point collectors to spread their

To achieve a common goal we help point

We help people to reward good behaviour.

Simple things and complex things done well.

To achieve our goal we do simple things and we do complex things. Simple is counting things, complex is helping you say thank you to someone, anyone in the world securely and efficiently.

We run highly scalable cloud services as part of the proposed data network.

We build a reputation for being good at all times.

Loyalty Point Schemes

We help high street stores say thank you instore and online.

We operate the Lolly Points scheme so we

We help people to collect, share, enjoy.

Giving credit, getting credit

Our goal is to help people to say thank you in a cryptographically secure way.

We aim to design an open standard.

Designed to operate in harmony with the web but above all designed to respect shared values.

We support academic communities to achieve our goal.

Charities & Spor

We work with Charities and Sports Associ

We provide tools to connect donors with

We support community based projects directly and indirectly to achieve our goal.

LOLLY REWARDS
